**Copper Metallic\***  
Prime  
Fluoropon® 70% PVDF

\* Copper Metallic available in Fluoropon® 70% PVDF only. Contact your sales person for accurate pricing. Copper Metallic panels must be installed in the same direction. See directional arrows or stickers provided on your panels. Color variation between orders is normal and not cause for rejection.

† Weathering and appearance variation, including color, sheen, and spangle, is common in non-painted materials and is not a cause for rejection. For consistent appearance, choose a paint-finished product.

Colors on this chart are close representations of actual metal color, limited by printing and viewing conditions. Color matching is optimized for outdoor viewing.

**JANUS**<sup>®</sup>  
INTERNATIONAL GROUP

## COLOR CHART

First generation doors used polyester paint, and second generation doors used a siliconized polyester. Now there's a more flexible, longer warranty alternative: Super Durable Polyester (SDP) paint. Only at Janus International.\*

SDP paint offers greater flexibility, corrosion resistance and hardness...all important features when you consider the daily wear and tear your steel doors receive.

Our coil coating color selections are available for 26 gauge materials, such as our sheet doors and filler panels and components.

All colors here are stocked and backed by a 40 year film integrity warranty, guaranteed to hold up against peeling, cracking, blistering, flaking, splitting or delaminating. In addition, these colors are guaranteed not to fade or change color for 25 years. Refer to the complete official warranty in this brochure.

### STANDARD COLORS

Bronze

Cedar Red

Continental Brown

Desert Sand

Desert Tan

High Gloss White

LG (Forest) Green

Light Stone

Sandstone

Satin White

Silhouette Gray

### SPECIALTY COLORS
